

## The Retirement KITAS C319

### **Purpose**

It is aimed at foreign nationals who are retired and generally over the age of 60. The Retirement KITAS C319 allows eligible retirees to reside in Indonesia for an extended period, typically for a more relaxed and affordable lifestyle in their retirement years. The change from a B221A visa to a Retirement KITAS must be done within Indonesia. It cannot be processed if the applicant is outside the country.

### **Validity**

The Retirement KITAS C319 in Indonesia allows for a 1-year stay with multiple entries, enabling you to enter and exit the country freely.

### **Extension Possibility**

It can be extended for up to 5 years. After this period, you can convert the KITAS into a KITAP, granting permanent residency. The KITAP is valid for 5 years and can be renewed indefinitely.
